EDUCATION

2017 - 2021

PRETORIA TECHNICAL HIGH SCHOOL

- NSC Bachelor's Certificate, with distinctions in Engineering Graphics & Design, Mathematics & Physical Science et al.

2023 - PRESENT

UNIVERSITY OF CAPE TOWN

- BScEng Electrical and Computer Engineering
- 2024 Dean's Merit List, with distinctions in Embedded Systems I & II.

TECHNICAL SKILLS

- SolidWorks (Experienced)
- KiCad (Proficient)
- Python, Java & Linux (Proficient)
- Assembly-MIPS (Proficient)
- Assembly-ARM (Intermediate)
- C, Microcontroller programming (Proficient)
- Soldering (Experienced)
- Matlab (Proficient)

PROFILE

I am a hard working person with great interpersonal skills which I acquired whilst volunteering and tutoring. I enjoy helping others learn and believe the learning is a two-way street and that whilst helping others learn you can learn too.

WORK EXPERIENCE

- **University of Cape Town**
Engineering Design Tutor 2024 - 2024
 - I tutored students taking the Introductory Engineering Design Course at the University of Cape Town that focuses on PCB design and uses KiCAD as the fundamental application.
- **University of Cape Town**
Embedded Systems Tutor 2025
 - I tutored students taking the Introductory Embedded Systems at the University of Cape Town that focuses on digital logic programming microcontrollers using C.

PERSONAL ACHIEVEMENTS

- **Provincial Colours**
Gauteng Provincial Debating 2018
Gauteng Provincial Chess 2019
- **DUX Scholar**
Pretoria Technical High School 2021
- **Deputy Secretary & Head of Discipline**
Pretoria Technical High School 2021

PERSONAL ACTIVITIES

- **SHAWCO**
Volunteer 2023 - PRESENT
 - I helped equip high school students from underprivileged communities in Khayelitsha and Langa with basic digital literacy skills and various Microsoft Applications.
- **University of Cape Town's Formula One Team**
Electrical Engineering Team 2024
 - I researched on implementable solutions for the Brake System Plausibility Device and Brake Over Travel Switch for the Sensing and Communication subsystem.
